## Room With A View

BY BREANNE HIGHT.

Providing a posh space for your little one is not only fun for you, but also beneficial to babies and children, as it stimulates their senses and ignites their tiny minds. Get creative and bring the view inside with Mindful Mama's must-have décor!

Shout your baby's name from the rooftop (or wall) with [Lex Modern's](#) personalized art. These adorable paintings can be personalized with any name and the hip design you choose.

Go green — twice — with [Mod Green Pod's](#) collection of trendy, eco-friendly fabrics. Reupholster an old chair with one of these bold, graphic prints and you'll create a favorite breastfeeding, storytelling, cuddle nook in no time.

Send baby off to dreamland with [Petit Collage](#) bamboo mobiles. The charming owl and bird designs are sure to keep kiddos sleeping peacefully and mamas feeling stylish.

Take wall art to a whole new dimension with [Wallables](#). Their 3-dimensional soy-based creations are playful and exciting. The Jungle Sweeties collection will take kids on a daily safari adventure and the assortment of Disney designs are great for the movie buff.
