Go wild. Credit: Petit Collage

Cutest. Mobile. Ever.

With adorable animals laser cut from sustainably-harvested bamboo plywood, the Forest Friends design by Petit Collage will win fans in mom and baby alike. It strikes the perfect balance between sweet and modern, and, like a great pair of blue jeans, goes with everything.

Our favorite part? The baby bear cub, nestled under his mama.

Available for \$68 at [petitcollage.com](http://petitcollage.com).

**q:** Our daughter screams, "Everybody in this family hates me." What can we do to stop this?

**a:** Don't try to convince her that she's wrong or it's hard to be nice to her. [Read more >>](#)
